#### SUPPLEMENTARY INFORMATION:

##### History

FEDERAL REGISTER document FAA 2012-0821, Airspace Docket No. 12-ASW-8, establishes Class E Airspace at Chase Field Industrial Airport, Beeville, TX (78 FR 18801, March 28, 2013). Subsequent to publication, the FAA found that existing controlled airspace already is charted for another airport at Beeville, TX, with the same descriptor. Since there can only be one Beeville, TX, the title and airspace designation for Chase Field Industrial Airport is changed from Beeville, TX, to Beeville-Chase Field, TX. This correction is related to published aeronautical charts that are essential to the user, and provide for the safe and efficient use of the navigable airspace. Class E airspace designations are published in paragraph 6005 of FAA Order 7400.9W dated August 8, 2012, and effective September 15, 2012, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published subsequently in the Order.
